# CUSTOM MARKETING PRODUCTS TO CHOOSE FROM!

BUSINESS CARDS

In the business world, your business card is like a handshake. It's often a client's first impression of you, and is essentially an introduction to you, your personality and your brand.

All our cards are printed on premium 16pt cardstock. They have a glossy front to make the card design really "pop", with a matte back if you need to jot down a quick note to your new business connection on the back. Choose from a single-sided card with a white back, or a card with full-color printing on both sides for just a couple bucks more.

Upon ordering, you'll receive an email asking for your business card file(s). Please contact us for a quote that includes all design and printing.

BROCHURES

Brochure printing is part of every successful marketing campaign. Give away brochures at conventions, highlight details about your new collection, or include them with every new customer purchase. They are an effective, versatile, and affordable promotional tool.

You need a fold that complements your brand and brochure design. Choose from our three available brochure folding formats; Bi-fold, Tri-fold or Z-fold.

CAR MAGNETS

Magnets designed for vehicles are a simple and effective way to get your business noticed on the go. Car magnets can be used to replace vinyl decals and other vehicle signage with something that can be removed or placed instantly. Turn every vehicle in your fleet into a moving billboard that gets thousands of exposures with every trip.

We print only the highest quality car magnet products on a heavy-duty 30 mil magnet material made for use on vehicles. Printed using UV inks, our magnet signs are made to last. Car magnets are great for fleet branding, delivery companies, self-owned businesses, realtors, and even special events.

FLYERS

One of the most effective and economical means of communicating is through flyer printing.

That is reason enough not to cut corners (no pun intended) when it comes to creating your own business flyers!

When working with BuyandDesign for custom flyers, you can anticipate that they will be professionally designed. We are distinguished for having the highest standards in the business and do not expect that our customers should ever be forced to sacrifice substandard quality for cost.

# WE ALSO OFFER CUSTOM SIGNS IN MANY MATERIALS!

OUTDOOR SIGNS

Durable, professional, and vibrant, solid-Coroplast signs are the ultimate high-quality solution for your long-term signage needs. These signs are lightweight, waterproof, easy to install, and can be customized extensively.

With their size and shape customizability, Corrugated Plastic signs can be installed nearly anywhere. They can be found hanging, mounted to walls, framed, inserted in a stand, and more. Thin Coroplast signs make great, affordable indoor solutions that will last decades.

We offer custom options and high-quality graphics with bold, long-lasting colors. Our signs are available in a variety of sizes and thicknesses that can accommodate any marketing need.

- Aluminum
- Compound
- Coroplast
- Aluminum
- Banners (Vinyl, Mesh)

We offer a wide selection of custom permanent indoor and outdoor signage. Oversized building logos, hanging signs, streetside signage, wall-mounted signs, framed signs to help put your business name front and center. We can create your sign from a variety of materials to suit your needs. Aluminum Compound, Corrugated Plastic (Coroplast) Aluminum Vinyl and Mesh Banners and more!

**\*BUYANDDESIGN IS NOT A PRINTING FACILITY, WE OUTSOURCE ALL LAYOUT TO 3RD PARTY PRINTERS THEREFORE GIVING US THE OPPORTUNITY TO OFFER BETTER PRICES AND HIGHER QUALITY PRODUCTS TO YOU!**
