

100% of Lincoln County can thrive

The groundbreaking 100% Lincoln initiative is working to ensure that all families in the county have access to the 10 vital services for surviving and thriving.

We know the challenges and how to fix them. All that's lacking is the buy-in to make the health, safety, and education of 100% of Lincoln's children and students the number one priority. 100% Lincoln is showing our commitment to 100% of our families by building 10 action teams around the 10 vital services that determine the quality of life for residents. We are making a system-wide change, creating a seamless system of family services where 10 service sectors are working in alignment with local networks of organizations. Soon, 100% Lincoln will be asking residents about access to quality, basic family services—your voice matters, please watch for the survey and respond.
