

Weather 101

By: "Doppler" Dave Speelman
Chief Meteorologist

Outlook for the next 3 months

Here is the outlook for the next 3 months - as we wrap up late Spring and head into our summer months. Summer officially arrives June 21.

Courtesy of the Climate Prediction Center

Temperatures are expected to be on the hotter side. There is a 40-50% of leaning above average.

Courtesy of the Climate Prediction Center

We are in that zone of leaning above average with added rainfall.

Weather Trivia:

How much rain do we average for the month of April?

- A. .05"
- B. .24"
- C. .61"
- D. .89"

Answer: B

"Doppler" Dave Speelman is the chief meteorologist at KVIATV in El Paso. You can watch his forecasts at 4, 5, 6 and 10 pm on ABC-7(channel 6 cable). If you would like Doppler Dave to address (explain) any weather issues you can email him at Dopplerdave@kvia.com.
