'VOTE FOR FREEDOM'...

Dr. Olivas, who flew as a mission specialist on two space shuttle flights in his 12-year astronaut career, is part of 100 former astronauts of Astronauts For America. The retired astronauts are visiting college campuses across the country over four months, encouraging young Americans to register, vote, and become lifelong participants in our constitutional democracy. EPCC is one of only two community colleges on the list which includes the University of Southern California, the University of Michigan and San Diego State University.

The astronauts' goal is to have real conversations about voting, democracy and the individual and collective power students can have.

During his twelve-year career with NASA, Olivas was a Mission Specialist and veteran of two space flights, STS-117 and STS-128. He completed five spacewalks, including his on-orbit repair to the external thermal protection system of the Space Shuttle. He is a recipient of two NASA Space Flight Medals and the NASA Exceptional Service and Exceptional Achievement Medals. Born in Los Angeles but raised in El Paso, Olivas graduated from Burges High School and UTEP in 1989. Olivas and his wife, Marie, launched the Space for Everyone Foundation in 2020 to help immigrant families with their health and well-being. Olivas is the descendent of immigrants from the state of Chihuahua in Mexico.

Astronauts For America is a nonpartisan, 501(C)(3) nonprofit organization founded by over 100 former NASA astronauts dedicated to defending the U.S. Constitution, restoring public trust in democratic institutions, and promoting evidence-based, data-driven leadership.
